We have ~5.5% fewer members this year (3,932) than last year (4,162) around the same time.

New USMS website issues: Issues with the new website are continuing to add to my work load. I am still receiving regular communications from members and coaches revealing new problems with new website. I am forwarding emails to National Office. Some registration links still not redirecting to new registration page. Notes still being lost on registrations. New website continues to have display issues, but some functional issues have improved.

Several more transfers in preparation for USMS Spring Nationals.

Standard processing of registrations, transfers, membership cards and composing and sending news emails.
