

Top Ten Report - March 2023

Reviewed and submitted the Mission Viejo meet to the national database. There were five USMS records. Maurine Kornfeld, of ROSE, reset her own Womens 100-104 100 Free and 100 Back records. Gabrielle Rose, Unattached, set one Women's 45-59 Breaststroke record and two Freestyle records -- 50 SCY Breast and 100 SCY and 200 SCY Freestyle. There was also a new Men's 30-34 200 USMS Breaststroke record set by Brandon Fischer of GRA at the Novato Sectional meet (USA-S)

I submitted SPMS SCM rankings in early January, and final results/rankings are now in final form on USMS. If anyone finds errors, please let me know. I will be spending the next couple weeks on updating the SPMS SCM rankings and records.

Kurt Dickson and Liz Boschacchi have submitted two corrections to SCY records, and those will be updated when I update the SCM rankings/records.

Please everyone remember to submit split requests if there is the slightest possibility of setting a record or for Top 10. They must be done before the meet ends and cannot be submitted later.

As a reminder, all sanctioned USA Swimming meets are USMS Recognized and although FINA records cannot be set at these meets, times are good for Top 10 and USMS records. If you have a dual registered athlete setting T10 or USMS records at a USA Swimming meet, they must request the meet/times be added.
