Open Water

We are hoping to sanction an inaugural masters open water 5K swim in conjunction with a Mountain Pacific Sports Federation open water event currently in planning stages. I have been down to the swim site in the Long Beach Marina Stadium and walked the beach and viewed the course with the event director, Kaia Hedlund. The thought is to have a Masters 5K in-between the MPSF women's/men's 5K and the university open water relays.

Planned date: October 21, 2023

We are in communication with Brandon Hodding (NBOLA) to plan both the Newport Pier to Pier and the Corona del Mar Mile. I have emailed him repeatedly.

No dates have been set.

Kim Onisko of Naples Swim has reached out to us via email, but we have not yet had a conversation regarding sanctioning the Naples Masters Swim 3K and 5K. I have emailed him repeatedly.

Date: Sunday, August 20, 2023

Seal Beach is off the table for 2023. We hope to regroup and start planning for 2024.

Date: Summer 2024
