USMS/OMS Volunteer Awards

USMS recognizes the commitment of those who give back to the organization. In September, 2017, the Oregon LMSC received 4 awards at USMS Convention in Dallas, Texas.

The award-winners are:

- MJ Caswell received the Dorothy Donnelly Service Award
- Shelly Rawding received the Kerry O'Brien Coaching Award
- Tim Waud received the Speedo USMS Coach of the Year Award
- OREG received the Regional Club of the Year Award

MJ Caswell

Dorothy Donnelly Award

MJ has most recently served as the Oregon Top Ten Committee chair since 2013 and continues to be efficient in keeping the top ten swims database up to date. She pursues missing information when needed, and is quick to respond to swimmers' inquiries.

Prior to filling the Top Ten Chair position, she served as our webmaster in trying to herald a re-vamping of the site. She also maintains an all-time Oregon Top Twelve database. She participates in LMSC Board meetings and regularly contributes

her opinions and expertise.

MJ has attended convention for several years, and currently serves on the Records and Tabulation Committee as Vice Chair. She is also on the Recognition and Awards Committee, and has served on the Fitness Committee in the past.

In addition to her volunteer service in the organization, MJ is a Masters coach who is always willing to share her stroke knowledge with workout group members. She fills in for other Masters coaches, offers lessons on the side, and soothes the 'newbies' worries about swimming inadequacies. She is the person who arrives on the pool deck early to be sure all is prepared for others to have a good workout. She encourages others to swim at their potential and is always a cheerleader for teammates' swims at meets.

Shelly Rawding

Kerry O'Brien Coaching Award

Shelly Rawding is Head Coach of both the Columbia Gorge Masters and the Hood River Valley Swim Team.

While Shelly was also the head coach for the kids team, she oversaw the Masters coaching schedule to make sure Masters always had a coach scheduled, and filled in herself periodically when needed. In the earlier years, Shelly was a consistent source of support and encouraged the team to host Masters meets. She encouraged Masters swimmers to participate on the joint Board overseeing both kids and Masters teams.

In 2015, the main Masters coach had to step down and Shelly stepped up. She started coaching Masters three days per week on a regular basis, and recruited a dependable assistant coach as well as several substitute coaches. She trained these individuals, encouraged attendance at the USMS Coaches Certification classes, and developed a season and weekly plan to communicate to all for consistency and variety in workouts.

Shelly creates workouts that challenge swimmers of all abilities, including the 'I want to go the distance' swimmer, triathletes, novice swimmers, and competitive swimmers. She is skilled in stroke technique and in communicating that information to swimmers. Her workouts are creative, interesting, and challenging, and she brings an enthusiasm that is motivating to swimmers of all abilities.

Her appeal to all is evident on the deck. Also, Shelly is understanding and supportive when life's woes get in the way of a swimmer's focus on any given day.

On deck, Shelly is constantly walking from one workout group to the next, giving the sets and interacting with every swimmer in the water. There are only whiteboard workouts when the set's difficulty exceeds the Masters swimmers' mind capacity to remember the set. Her supportiveness can be summed up by one swimmer's statement: "I was having a heck of a time hitting the intervals and was seriously thinking of hanging on the wall for a 50, but I didn't quit because I knew she was standing there waiting at the wall with a, 'Good Job, Bill!' If she was that invested in me, I couldn't just quit. It's as simple sometimes as a coach who cares."

Tim Waud

USMS Coach of the Year

Coach Tim has been invaluable in helping with the operations of the Oregon City Swim Teams meets as head meet director over the last 6 years. These meets are big events with hundreds of swimmers coming through the Oregon City Pool doors over the course of the weekend. I think one very special achievement is being able to coordinate and plan one of the first dual-sanctioned meets in the nation. We've had teams contact us on how to make a dual sanctioned meet happen. It is great for young athletes to see what it really looks like to have swimming as a

lifelong sport!

Tim has also been the safety director for five years for the Portland Bridge Swim in the Willamette River, Oregon's longest (17-km) and most complex-to-manage open water event.

In just six short years, Tim has transformed a loose group of around 8 to 10 swimmers into a strong competitive team of 60 Masters Swimmers. He has done this despite the limitations of a 6 lane, 25 meter pool, and a 5:00 am workout time. Of those 60 swimmers, about half are competitive swimmers and half triathletes or fitness swimmers. Tim and his athletes have won both Regional and National awards.

His practices, though early in the morning, are very well attended, and people drive as far as 30 miles to swim with the Tankers, largely because of Tim and his coaching style. Tim is actively involved with each swimmer at every workout, whether he or she is a national champion or newly learning their strokes. When he is on deck he gives each swimmer the best he has to offer and receives their best in return. He has a mastery of technique and is constantly searching for ideas and methods to communicate that understanding to his swimmers. I am proud of the way the Oregon City Tankers bond and support each other.

He has the ability to interact with others in a leadership role, and to create enthusiasm in every volunteer. He is meticulous in paying attention to details and following through with every task. He is an individual one can count on. It has been a great experience working with Coach Tim and experiencing his passion for the sport of swimming. He always brings an enthusiasm for people and a love for swimming to each of his interactions!

Oregon LMSC

Regional Club of the Year Award

The Oregon Masters Swim Club (OREG) is, currently, one of 3 clubs within the Oregon LMSC, and is composed of 32 workout groups spread out over the State of Oregon and SW Washington.

Several workout groups host specialized events, such as the Tualatin Hills Barracudas "February Fitness Challenge,"

Central Oregon Masters' "Beautiful Lake Juniper Swim," the Oregon City Tankers "Swim Across America Relays for Life" event, Columbia Gorge Masters Adult Learn-to-Swim program, and USMS ePostal events.

Columbia Gorge Masters has offered the USMS Adult Learn to Swim program in 2016 and 2017 and had over 50 registrants both years.

Oregon City Tankers have hosted an annual Dual Sanction (US Masters Swimming and USA Swimming) competition every spring since 2011. This unique event allows the younger USA Swimmers to compete in the same meet with the US Masters swimmers. Competitors travel from California, Colorado, Florida, Idaho, and Washington State to compete in the Tankers' 25-meter, 6-lane competition pool. Over 20 FINA World Records and US Masters Swimming National Records have been set in the Oregon City Pool during this annual competition.

Rogue Valley Masters has been hosting an open water swim weekend in southern Oregon since 1989: 28 years, with only one cancellation due to low water levels. This swim is believed to be the oldest currently running open water swim in the state of Oregon. In addition, Rogue Valley Masters has hosted two ePostal National Championships.

The Oregon Club accounts for approximately 85% of the membership of the Oregon LMSC, and the Club's members are extremely motivated and active in contributing to the hosting of multiple pool USMS National Championships, Open Water National Championship events, and postal competitions. They are a cohesive group who work well together for the betterment of Masters swimming in Oregon and southern Washington. They also have a highly participatory group of representatives at the national level.
